

Hand Chain Saws

Pistol Grip Hand Chain Saw

Hand Chain Saw

Hand Chain Saws

RGC offers fast cutting, lightweight Hand Chain Saws. They are compact and ideal for landscaping, grounds keeping and farming. Utility companies and municipalities also benefit from their versatility and low maintenance.

The unique pistol grip saw is easy to handle and use in tight spaces and from an aerial basket.

Features & Benefits

- ▶ Durable, lightweight design reduces operator fatigue and increases productivity.
- ▶ Each tool can easily be changed from an open- to closed-center circuit.
- ▶ Rugged gear motor and expanded chip exit area.
- ▶ Chain and bar can be adjusted without removing sprocket cover.
- ▶ Sprocket cover can be removed without tools for easy cleaning.
- ▶ Automatic chain oiler can be adjusted without tools.
- ▶ The standard hand chain saw has an anti-kickback 3/8 in. pitch chain and automatic chain oiler.
- ▶ The pistol grip saw uses a .325 pitch anti-kickback chain.
- ▶ Safety features include: two-step trigger, high impact polymer front handle/shroud, wide lower handle protects hands/knuckles, chain catcher stops chain rotation.
- ▶ Handle position can be oriented to horizontal, or to 30 or 60 degrees relative to bar and chain according to operator preference.
- ▶ The pistol grip saw design is very compact and easy to maneuver in tight spaces.
- ▶ Supplied with 12 in. hose whips.
