

Post & Pole Puller and Pole Tampers

B200H Post & Pole Puller

Post & Pole Pullers Features & Benefits

- ▶ Durable, lightweight design reduces operator fatigue and increases productivity.
- ▶ The most convenient way to safely pull posts and poles on flat, hard curbsides or sloping off-road terrain.
- ▶ These tools make easy tasks of removing metal U- and T-posts, of all sizes
- ▶ Remote control allows the operator to pull posts from a safe distance – up to 10 ft. away.
- ▶ Post & Pole Pullers weigh only 60 to 80 lbs. so they can be transported to any job site. Their compact size allows them to be easily stowed in any service vehicle.
- ▶ They pull U-posts, 4x4's, 6x6's, round and rectangular wood posts and even deep-set utility poles quickly and easily.
- ▶ These quality industrial tools are made of structural aluminum and premium components for long life under the toughest field conditions.
- ▶ Engineered with input from public works professionals to make pulling a simpler task, they feature an exclusive LinkLok™ hook-up and remote control conveniences not found on other post pulling tools.
- ▶ RGC's Post & Pole Pullers are a field proven solution for public works departments, private maintenance professionals and fence companies that require posts or poles to be removed from the ground quickly and easily.
